2022 Tile Collection

“Tiles for a new beginning”

The Belletto collection is growing wider and better with every year. The new Belletto collection offers more choice, more colour and many more options right across the range. We are introducing our longest ever wood plank at 1.5mts. There are five new 1200x1200 tiles both in matt and polished. We have packed the mid range with new colours, extra finishes and some great value.

We are looking forward to supplying these beautiful tiles and thank you for your custom.

Bodo Collection

Evolution is at the heart of the Bodo collection. Inside this creative collection we have elements of marble, granite and quartz. We distilled the pure aesthetics and re-imagined them as one tile. The result is Bodo. A beautiful creation that is an inspired evolution which sits equally well in homes and commercial spaces. It has movement and tonality on the surface with calmness and continuity underneath. As a final "piece des resistance", Bodo has been enhanced with Slip Stop glaze. The tiles are smooth to touch, but thanks to a patented glazing technique achieve superior slip resistant qualities. This collection performs equally well when wet as when dry, achieving a unique R11 slip rating for such a smooth tile. This Slip Stop glaze means the Bodo collection is both beautiful, slip resistant and easy to clean - Perfection! Bodo is available in four colours White, Grey, Beige and Antracite.

Mirage Collection

Mirage is a high gloss porcelain tile that has been inspired by the beautiful onyx marbles. The large patterns and movement are at once recognisable as the singularly beautiful traits of these precious stones. Mirage comes in 1200x600 rectified porcelain which can be fitted tightly together with a 2mm joint to maintain the cut marble effect. Mirage is intended to be used both as a wall and floor tile.
